WHOLESALE PRICE LIST

— OF —

Garden, Flower, Agricultural, Grass and Herb Seeds

FOR 1904.

To Dealers Only

CROSMAN BROTHERS,

Growers, Importers of and Dealers in Seeds.

WHOLESALE, OFFICE AND SEED HOUSE, 503 MONROE AVENUE.

RETAIL, SEED AND PLANT STORE, 275 MAIN STREET, EAST.

GREENHOUSES AND TRIAL GROUNDS, LABURNUM CRESCENT.

ROCHESTER, N. Y.

Our Seeds awarded the "GOLD MEDAL" at the Pan-American Exposition, Buffalo, 1901.

Conditions of Sales.—F. O. B. Rochester, N. Y., wrappers at cost, and that it is distinctly understood that we do not warrant our Seeds, or hold ourselves responsible for any loss or damage which may arise from the failure thereof. If the purchaser does not accept the Seeds on these terms, they must be returned at once, carriage free.

Prices subject to change without notice, and stock being unsold, on receipt of order.

Filling Orders Pro-Rata—It must be distinctly understood between ourselves and the party ordering Seeds in Bulk that when we book orders, either by mail or through our traveling salesmen, for Seeds of crops not yet harvested and for future delivery, that the quantities of Seeds so booked are subject to our ability to fill in full or in part, dependent upon the returns of such crops as harvested.

Terms.—Net Cash, June 1st, without regard to the date of purchase; or a discount of one per cent. a month will be allowed on payments made before June 1st. Goods purchased after June 1st, Net Cash October 1st; and after October 1st, Net Cash January 1st following. Parties unknown to us will be required to furnish satisfactory references, otherwise goods will be sent C. O. D.

 A Telegraphic Cipher is attached to each article, which will enable orders to be sent by wire at comparatively little expense. In dispatching, use the word Freight, Express or Mail, to designate how to send. For example :

FREIGHT—TWO ACANTHO—Means send by freight two bushels Early Dwarf Prolific Black Wax Beans; or

EXPRESS—TWENTY ALARM—Means send by express twenty pounds Eclipse Beets, etc.

CORN--Sweet or Sugar.

CAUTION.—Sweet Corn in bulk, even after being thoroughly cured, will often gather moisture and spoil, particularly if it has been exposed to a low temperature. To prevent this it should be taken out of the bag as soon as received and spread in a dry place. **Our quotations are per measured bushel, shelled. All Eastern Grown.** CROSMAN BROTHERS.

See Field Seeds, page 22.

At the time of issuing this price list we have no Sweet Corn to offer; which is due to the late spring, cool summer and continued rains, preventing the harvesting and maturing of the crops; consequently making the small quantities harvested of such poor germination as to be unfit for seed.

SPRING BULBS AND ROOTS.

CALADIUM ESCULENTUM.

CALADIUM ESCULENTUM.

One of the most showy of ornamental foliage plants in cultivation, either for the conservatory or for planting out on the lawn; of easy culture and will grow in any garden soil. Leaves very large, of a green color, and beautifully veined and variegated with darker green. Plants should be abundantly supplied with water, which will produce a more luxuriant growth of leaves. In the autumn remove the roots to the cellar and pack in dry sand, out of the reach of frost. Every collection, howeversmall, should contain at least one of these plants. For prices see below.

JAPANESE FERN BALL IN LEAF—18 to 24 inches across.

This little beauty from Japan is the finest addition to the Fernery yet introduced, and the most satisfactory house fern ever offered.

FOR THE WINDOW, DRAWING ROOM, OR SUSPENDED FROM CHANDELIER, OVER DINING TABLE, OR USED IN FERN DISHES.

These Grand Novelties, importations from Japan, are certainly the finest additions to the Fernery yet introduced.

The Ball and Designs are composed of the Japanese Island Fern Roots and Sphagnum Moss, and so constructed as to send out leaves of beautiful emerald green from every point.

They grow rapidly and make handsome ornaments for the home conservatory or greenhouse.

Directions—Place in water for several hours and then suspend in any desired position; repeat every two days until growth has started, after which water occasionally as required, being careful that it does not become dry. The greater the growth the more water will be required to keep the ferns in a flourishing condition. To use the fern dish cut ball in halves, placing flat side down, thus getting two dishes of beautiful ferns. They may be allowed to dry up at any time and be set away, and started again by watering it as before.

These designs will be from one to four weeks in starting, according to degree of heat and moisture. Do not expose to direct rays of sun. All designs shipped in the dormant condition.

The "Lightning" Sprayers.

No. 20 Sprayer has detachable glass reservoir provided with our patent spring leather plunger expander, which at all times keeps the leather washer expanded and will not allow it to wrinkle or dry up which is the case in other sprayers. This Sprayer is the only one having a glass reservoir, detachable, encased so that the operator at all times can see the ingredients mixing and just how they are working. The glass reservoir is made like a Mason fruit jar, and any such will fit this sprayer. Being oblong it gives a churning motion while the sprayer is being used, mixing the ingredients—which cannot be done with any other shaped sprayer—and will not allow Paris green to settle. The glass sprayer will not corrode or rust out, as is the case with metal.

No. 20 Lightning Glass Sprayer, \$6.00 per doz.
Retails at 75c. each.

"Lightning" Whirling Sprayer No. 15.

This Sprayer holds two quarts, is nicely finished, making it very neat and attractive. This Sprayer is best adapted for garden use, greenhouses, house plants; also for washing windows, sprinkling clothes and floors. For killing insects on garden plants it has no equal.

It throws a powerful spray, which is accomplished by squeezing the rubber bulb, as shown in cut. The operator can produce a light or heavy spray at will, and can spray in any direction. It will spray from five to twenty-five feet high and is easy to operate.

No. 15 Lightning Whirling Sprayer, \$9.00 per doz. Retails at \$1.00 each.

The "Lightning" Sprayer No. 21.

OPERATED BY COMPRESSED AIR.

Our No. 21 "Lightning" Sprayer is made of heavy galvanized iron, also made of brass. It is provided with safety valve to prevent over pressure, shoulder strap, three feet of the best hose, with faucet and nozzle which will throw a fine mist-like spray or a solid continuous stream 30 feet high.

Our "Lightning" Sprayer is provided with a strainer as shown in cut so that no sediment can pass through nozzle without being strained, and prevents clogging, which is a great improvement over all compressed air sprayers and is patented. The spray works automatically and may be charged in 15 seconds by a few strokes of the pump. A boy can operate the "Lightning" as well as a man. This sprayer is provided with spring faucet which may be operated with one hand at the will of the operator. Pump in a few strokes of air and the sprayer will hold the pressure from one to six days, which no other sprayer will do. After the air is pumped into the "Lightning" Sprayer there is no more labor required. It is the only compressed air sprayer that will properly spray white wash without clogging. If the sprayer is to be used to spray white wash it must be provided with our special strainer and nozzle. Full directions accompany each sprayer.
